2.1 External Interface Requirements

2.1.1 User Interfaces

None

2.1.2 Hardware Interfaces

None

2.1.3 Software Interfaces

None

2.1.4 Communications Interfaces

None

3.1 Front End Details

This section describes the Front end of Guru99 Bank.

It also lists a few use cases to describe the functioning of the system

Following is a list of module wise fields

Fund Transfer

- Payers account no
- Payees account no
- Amount
- Submit
- Reset

Change Password

- Old Password
- New Password
- Confirm Password
- Submit
- Reset

Balance enquiry

- Account No
- Submit
- Reset

Mini Statement

- Account No
- Submit
- Reset

Customized Statement

- Account No
- From Date
- To Date
- Amount Lower Limit
- Number Of Transaction
- Submit
- Reset

New Customer

- Customer Name

- Gender
- Date of Birth
- Address
- City
- State
- PIN
- Telephone Number
- Email Id
- Submit
- Reset

New Account

- Customer Id
- Account Type
- Initial deposit
- Submit
- Reset

Deposit

- Account Number
- Amount Deposit
- Description
- Submit
- Reset

Withdraw

- Account Number
- Amount
- Description
- Submit
- Reset

Delete Customer

- Customer Id
- Submit
- Reset

Edit Account

- Account Number
- Submit
- Reset

Form after submitting Edit Account

- Customer Id

- Account Type (Drop Down - Saving or Current)
- Balance
- Submit
- Reset

Delete Account

- Account Number
- Submit
- Reset

Edit Customer

- Customer Id
- Submit
- Reset

Form after submitting Edit Customer

- Customer Name
- Gender
- Date of Birth
- Address
- City
- State
- PIN
- Telephone Number
- Email Id
- Submit
- Reset

3.2 Technical Requirements

New Account

- T1** Customer Id - Customer ID is required
- T2** Customer Id - Special character are not allowed
- T3** Customer Id - Characters are not allowed
- T3.1** Customer Id - First character cannot have space

New Customer

- T4** Customer Name – Numbers are not allowed
- T5** Customer Name – Special characters are not allowed
- T6** Customer Name - Customer name must not be blank

- T7** Customer Name - First character cannot have space
- T8** Address - Address Field must not be blank
- T9** Address - First character can not have space
- T10** Address - Special characters are not allowed
- T11** City - Special character are not allowed
- T12** City - City Field must not be blank
- T13** City – Numbers are not allowed
- T14** City - First character can not have space
- T15** State – Numbers are not allowed
- T16** State - State must not be blank
- T17** State – Special characters are not allowed
- T17.1** State – First character cannot have space
- T18** Pin - Characters are not allowed
- T19** Pin - PIN Code must not be blank
- T20** Pin – Special characters are not allowed
- T21** Pin – PIN Code must have 6 Digits
- T22** Pin - First character can not have space
- T23** Telephone Number – Mobile no must not be blank
- T24** Telephone Number – Special character are not allowed
- T25** Telephone Number – Character are not allowed
- T26** Telephone Number - First character can not have space
- T27** Email : Email ID must not be blank
- T28** Email : Email ID is not valid
- T29** Email : First character can not have space

Balance Enquiry

- T30** Account No must not be blank
- T31** Special character are not allowed
- T32** Characters are not allowed

Customized Statement Form

- T33** Account No - Account Number must not be blank
- T34** Account No - Characters are not allowed
- T35** Account No - Special characters are not allowed
- T36** Amount Lower Limit – Special character are not allowed
- T37** Amount Lower Limit – Amount Lower Limit is required
- T38** Amount Lower Limit – Characters are not allowed
- T39** Number of Transaction – Special character are not allowed
- T40** Number of Transaction - Number of Transaction must not be blank
- T41** Number of Transaction – Character are not allowed

Delete Account Form

- T42 Account No must not be blank
- T43 Special character are not allowed
- T44 Characters are not allowed

Delete Customer

- T45 Customer Id - Customer ID is required
- T46 Customer Id - Special character are not allowed
- T47 Customer Id - Characters are not allowed
- T47.1 Customer Id - First character cannot have space

Deposit

- T48 Account No must not be blank
- T49 Special character are not allowed
- T50 Characters are not allowed
- T51 Amount field must not be blank
- T52 Special characters are not allowed
- T53 Characters are not allowed
- T54 Description must not be blank

Edit Account

- T55 Account No must not be blank
- T56 Special character are not allowed
- T57 Characters are not allowed

Edit Customer form

- T58 Customer Id - Customer ID is required
- T59 Customer Id - Special character are not allowed
- T60 Customer Id - Characters are not allowed
- T60.1 Customer Id - First character can not have space

Edit Customer

- T61 Address - Address Field must not be blank
- T62 Address - First character can not have space
- T63 Address - Special characters are not allowed
- T64 City - Special character are not allowed
- T65 City - City Field must not be blank
- T66 City – Numbers are not allowed
- T67 City - First character can not have space
- T68 State – Numbers are not allowed
- T69 State - State must not be blank
- T70 State – Special characters are not allowed
- T70.1 State – First character cannot have space
- T71 Pin - Characters are not allowed
- T71 Pin - PIN Code must not be blank

- T72** Pin – Special characters are not allowed
- T73** Pin – PIN Code must have 6 Digits
- T74** Pin - First character cannot have space
- T75** Telephone Number – Mobile no must not be blank
- T76** Telephone Number – Special character are not allowed
- T77** Telephone Number – Character are not allowed
- T78** Telephone Number - First character cannot have space

- T110** Description cannot be blank

3.3 Functional validations

Balance Enquiry

Manager

- F1** Manager can view balance of accounts associate with him
- F2** Account number entered should exist in database

Customer

- F3** Customer can view balance of only his accounts
- F4** Account number entered should exist in database

Fund Transfer

Manager

- F5** If these source and destination account numbers are invalid, system displays an error
- F6** If these source and destination account numbers are same, system displays an error
- F7** If the source account does not have the necessary balance, system displays an error
- F8** If the source account does not associated with manager, System displays an error

Customer

- F9** If the destination account number is not valid, system displays an error
- F10** If these source and destination account numbers are same, system displays an error
- F11** If the source account does not have the necessary balance, system displays an error
- F12** If the source account is not associate with customer itself, System displays an error.

Withdrawal

Manager

- F13** If source account number is invalid, system displays an error
- F14** If source account does not have the necessary balance, system displays an error
- F15** If source account does not associate with manager, System displays an error.

Customer

F16 If source account number is invalid, system displays an error

F17 If source account does not have the necessary balance, system displays an error

F18 If source account does not associate with customer, System displays an error.

Deposit

Manager

F19 If destination account number is invalid, system displays an error

F20 If destination account number does not associate with manager, System displays an error.

Customer

F21 If destination account number is invalid, system displays an error

F22 If destination account number does not associate with customer, System displays an error.

Delete Customer

Manager

F23 If Customer Id is invalid, system displays an error.

F24 If account associate with Customer Id, System displays an error.

F25 If Customer Id does not associate with manager, System displays an error.

Delete Account

Manager

F26 If Account Number is invalid, system displays an error

F27 If account does not associate with manager logged in, System displays an error.

Edit Account

Manager

F28 If Account Number is invalid, system displays an error.

F29 If Account number does not associate with manager, System displays an error.

New Customer

Manager

F33 If same Email Id exist in the system, system shows an error.

Edit Customer

Manager

F34 If same Email Id exist in the system, system shows an error.

F35 If Customer Id is invalid, System displays an error.

F36 If Customer Id does not associate with Manager, System displays an error.

Change Password

Manager

F37 If Old Password is invalid, System shows an error.

Customer

F38 If Old Password is invalid, System displays an error

Customized Statement

Manager

F39 If account no is invalid, System displays an error

F40 If From Date is greater than To Date, System displays an error.

Customer

F41 If account no is invalid, System displays an error

F42 If From Date is greater than To Date, System displays an error.

Mini Statement

Manager

F43 If account no is invalid, System displays an error

F44 If transaction not exist in system, System displays an error.

F45 If account not associate with manager itself, System displays an error.

Customer

F46 If account no is invalid, System displays an error.

F47 If account associate with customer itself, System displays an error.

Balance Enquiry

Manager

F48 If account no is invalid, System displays an error

Customer

F49 If account no is invalid, System displays an error

3.4 Classes / Objects

3.5.1.1 Attributes

3.5.1.2 Functions

3.5 Non-Functional Requirements

Nil

3.6 Inverse Requirements

Nil.

3.7 Design Constraints

Many of the Guru99 Bank users may not have adequate computer knowledge to use the site. Hence, System must be intuitive and easy to understand.

3.8 Logical Database Requirements

Nil

3.9 Other Requirements

Nil

4. Analysis Models

Nil

5. Change Management Process

Changes to the SRS either from the development, testing team or the client side will be communicated to the project sponsor Mr Krishna Rungta.

Any change made to the SRS will require a sign off from the Development lead , QA lead and the client.

Once approved changed will be made to the SRS and the new SRS will be circulated to all stakeholders
